**Respondent- Present**

**"Order"**

The appeal has been received on 05.07.2014 against the reply of P.I.O.-cum-S.E. (Comm.) office letter No.3641 dated 06.06.2014. The appellant was intimated vide letter No.6148-49 dated 11.07.2014 to appear on 19.07.2014 at 3.00 P.M. for hearing of the case. The hearing was held on 19.07.2014 at 3.00 P.M. which was not attended by the appellant. The following order is passed ex-parte based on the facts of the appeal.

The appellant has mentioned in the appeal that as per Instruction No. 10(C)I-4 &II, to commit the load from 2001 MW to 5000MW and above there is a Committee of the Board which decides the case and minutes of this Committee is commonly known as Feasibility Committee MOM.

The P.I.O.-cum-Superintending Engineer (Comm.) has intimated that the Sales Manual Clause for making power commitment mentioned by appellant was published in 1995, whereas the Govt. of H.P. vide Notification No. Ind.A(F)2-1/2000 dated 22.01.2004 has constituted a State Level Single Window Clearance and Monitoring Authority(SLSWC & MA) to act as the Apex body for channelizing, facilitating and guiding investment in Medium and Large scale industrial projects in the State, in a transparent, objective and time bound manner. The SLSWC & MA has been constituted to consider and decide on proposals received which are listed as Negative Industries by Govt. Of India in their OM dated 7<sup>th</sup> January, 2003, Forest based industry and Power intensive industry (where commitment of power for more than 1 MW is required). In view of this the commitment of power more than 1MW is decided by SLSWC & MA and there is no internal feasibility committee of HPSEBL to make power commitments in its meetings. There is no question of availability of minutes of meeting of such committee in this office as no such meeting has been held.
